Current Work History

**Project Head | PK Group Hillcrest |
Pune - April 2022 – April 2023**

As a Project Head for PK Group at Hillcrest in Pune from April 2022 to April 2023, I successfully handled the launch of a project, resulting in 50+ bookings. I also established a tie-up with a bank for the APF process and managed all aspects of marketing, sales, and post-sales for Hillcrest. By engaging with the CP Network, I made the social profile of Hillcrest more visible and improved the page content, keyword relevancy, and branding to achieve search engine optimization goals. I evaluated monthly performance statistics and used data to inform future strategies, administered the marketing calendar, and posted new content to coincide with new product and service releases. Additionally, I analyzed and reported social media and online marketing campaign results and monitored the return on investment of online and social media marketing efforts. Through my efforts, I increased customer engagement through social media and discussed SEO needs, optimizing strategies for both short- and long-term campaigns. Finally, I directed a successful search engine marketing campaign using solid linking, technical, and keyword research tactics.

- Recently, I completed my drone pilot training and obtained my government license.**
